Post Show Report

The Hon'ble Vice President of India is happy to learn that International Trade and Exhibitions India Pvt. Limited is organizing Paperex South India 2016-4th International exhibition and conference on pulp, paper and allied industry from November 11-13, 2016 at Chennai Trade Centre, Chennai. The Vice President extends his greetings and congratulation to the organizers and the participants and wishes the event all success.

Shri M. Hamid Ansari, Hon'ble Vice-President of India

The Prime Minister is happy to learn that International Trade and Exhibitions India Pvt. Ltd. is organising Paperex South India 2016 – 4th International exhibition and conference on pulp, paper and allied industry from 11th -13th November, 2016 and Publishing a souvenir cum show catalogue to mark the occasion. On this occasion, best wishes to the organisers and Participants.

Narendra Modi, Hon'ble Prime Minister's Office,
Govt. of India

I am happy to know that Indian Agro & Recycled Paper Mills Association is organizing Paperex South India'2016-4th International Trade Fair and Technical Conference on Pulp, Paper, Conversion and Allied Industry between November 11-13, 2016 at Chennai. I wish all success to IAPRMA for this event and also for releasing a souvenir to commemorate the occasion.

Arun Jaitley, Hon'ble Union Minister of Finance and Corporate Affairs,
Govt. of India

I extend my warm greetings and good wishes to the International Trade and Exhibitions India Pvt Ltd for organizing 4th edition of Paperex South India 2016 in association with INPAPER International, International Exhibition & Conference on Pulp, Paper and Allied industries scheduled for Nov 11-13, 2016 at Chennai Trade Centre, Chennai, INDIA. I am confident that Paperex South India will be the platform to explore new technology, machinery & equipment and raw material for paper & board manufacturing. I am sure that exhibitors and trade visitors to this event will draw the maximum advantage from this opportunity.

Dr. Harsh Vardhan, Hon'ble Union Minister of Science & Technology and Earth Sciences
Govt. of India

I am pleased to know that International Trade and Exhibitions India Pvt Ltd in association with INPAPER International is organising 4th edition of Paperex South India, International Exhibition & conference on Pulp, Paper and Allied industries during November 11-13, 2016 at Chennai Trade Centre, Chennai, INDIA. The demand for Paper is rising fast in the consumer-oriented industries. Though the Indian Paper Industry is growing fast and will be self-sufficient to fulfill the diverse needs of Indian Market, yet the challenge is to measure up to International Benchmark in terms of product quality and price. This Exhibition and Conference will prove a positive step in this direction and it is expected that the event would help not only in business generation but also in clubbing together the whole Pulp & Paper Industry. I offer my compliments to Industry leaders, participants and supporting organizations and trade media for their cooperation to the organizers of Paperex South India.

Kalraj Mishra, Hon'ble Minister of Micro, Small & Medium Enterprises, Govt. of India

My heartiest congratulations to Indian Agro & Recycled Paper Mills Association (IARPM) for organizing jointly with International Trade and Exhibitions India Pvt. Ltd., the 4th edition of Paperex South India 2016 – International Trade Fair and Conference on Pulp, Paper and Allied Industries during 11th – 13th November 2016 at Chennai Trade Centre, Chennai, India. I am also happy to note that Inpaper International – a journal on world pulp and paper industry brought out by the Indian Agro & Recycled Paper Mills Association is organizing an exclusive two days International Technical Conference along with Paperex South India Exhibition with the theme on "The Road Ahead for Paper and Packaging". The Indian paper industry has been growing steadily with significant achievements to its credits. Sharing of technological advancements in the field of pulp and paper industry amongst various mills in such focused international B2B events will facilitate technological advancements in the industry. While complimenting the organizers for this event, I extend my good wishes for the success of this International Trade Fair and Technical Conference on Pulp, Paper and Allied Industry.

Ramesh Abhishek, Secretary Department of Industrial Policy Promotion, Ministry of Commerce & Industry

I am pleased that Paperex South India is being organized from 11th to 13th November, 2016 in Chennai Trade Centre, Chennai. The demand for paper is increasing due to growth of literacy, industrial and economic development. The Pulp and Paper Industry is a fast growing sector. Events like Paperex help in tapping domestic and international markets as well as in accessing modern technology. I would like to convey my best wishes to the Indian Agro and Recycled Paper Mills Association for organizing this event and wish them all success in their endeavour.

Shaktikanta Das, Hon'ble Ministry of Finance Department of Economic Affairs, Govt. of India

I am very happy to learn that Indian Agro & Recycled Paper Mills Association (IARPM) jointly with International Trade and Exhibitions India Pvt. Ltd (ITEI) is organizing Paperex South India 2016 – 4th International Technical Conference and Trade Fair from 11-13 November 2016 at Chennai Trade Centre, Chennai, India.

The theme of the conference "The Road Ahead for Paper and Packaging" is very relevant and appropriate as the Indian Paper Industry needs technological upgradation not only to meet the quality and quantity parameters but also to make the industry competitive. The Exhibition which showcases an array of the technological advancements in the industry around the world will definitely help the domestic industry.

I compliment the organizers of the Exhibition and Conference for holding the event which is in the tune with the "Make in India" programme of the Govt. of India and wish them all success.

Vandana Kumar, Jt. Secretary Department of Industrial Policy & Promotion, Govt. of India

Paperex South India is an ideal platform for the technology buyers as this B2B event will show case the panorama of world class technologies to meet their expectations technologically as well as cost wise too. I am also glad to mention that to synchronize with this exhibition, a two day Technical conference is also being organized with the focus on "The Road Ahead for paper and Packaging" which is very apt for today.

Pramod Agarwal, President, Indian Agro & Recycled Paper Mills Association

This event will play an important role for the industry to learn about the availability of new machinery and technology from world over. And will also help the industry to explore new business opportunities in paper and allied industries. I congratulate the organizers for their keen initiative and wish the event great success.

Vijay Kalantri, President, All India Association of Industries

I am sure these types of focused B2B events will be helpful to link the paper and allied industries together and provide a common business platform, to showcase the new technologies, machinery, products and services. On the other hand the buyers will also get the opportunity for to experience the new technology, to meet their growth plans.

Vimal Mehra, President, All India Printing Ink Mfrs. Association Ltd

The Indian Paper Industry has been growing steadily with significant achievements to its credit. The technological advancements should be shared amongst various industries and such focused international B2B event plays an important role in face to face interaction and technology transfer from world over . I offer my Compliments to Industry leaders, participants, supporting organizations and trade media involved in Paperex South India

M V M Bharat, President, Andhra Pradesh Corrugated Box Manufacturers Association

In just a few years, Paperex South India has become an eagerly awaited event by Pulp, Paper and Allied industries of India and abroad with excellent show of the global developments in pulp & paper technology, latest equipment and products. It also offers a platform for new collaborations, tie-ups, generation of business opportunities and interaction among leading industry players as well as stake holders. I hope this year too, Paperex South India will further consolidate its reputation in this regard.

Rita Tandon, Director, Central Pulp & Paper Research Institute (CPPRI)

On behalf of Delhi Printers Association I heartily congratulate ITEI and its associate for organizing the 4th Paperex South India as well as a conference on pulp, paper and allied industries during November 11-13, 2016 at Chennai My best wishes to the organizers for a grand show.

Sunil Jain, President, Delhi Printers Association

We are delighted to know that ITEI in association with INPAPER is organizing 4th Paperex South India at Chennai. This leading business event will help to explore the needs of Indian Paper Industry in its efforts to be a part of global market. The Expo will surely create the right business climate for the growth across every level of this Industry and prove to be a business platform to link paper units to the industry. We hope that Paperex South India would address the need of Paper and allied industry in India.

N.X. George, President, Federation of Corrugated Box Mfrs. of India

I trust and believe Paperex South India exists to promote a better and closer understanding among all those who sell Paper and Board in India and represent their legitimate overall best interests in the local market of South India. I offer my Compliments to Industry leaders, Participants, Supporting organization and trade media involved in Paperex South India.

Shamji Karia, President, Federation of Paper Trader's Associations of India

It is well known that Indian Paper Industry has been growing steadily. It's achievement are certainly praise worthy. Despite continued focus on Digitization India's demand for paper is expected to rise considerably in the next 5 years. I feel the technological advancements should be shared amongst various industries. Focused International B2B event would play an important role in face to face interaction, technology transfer from all over the world. I offer my compliments and best wishes to the Paperex South India 2016.

Biswanath Bhattacharya, President, Federation of Small & Medium Industries (FOSMI)

The Indian Paper Industry has been growing fast with significant achievements to its credit and using diverse resources for manufacturing paper and paper products and is expected to witness major changes in the coming years. The technological and is expected to witness major changes in the coming years. The technological advancements made in different parts of the globe have to be shared amongst industry leaders on a common platform for direct interaction on all aspects of industrial advancements. Exhibitions, Conferences and Presentations play an important role in accomplishing this goal. I convey my best wishes to the Organizers of Paperex South India.

T R Mahajan, President, Indian Printing Packaging and Allied Machinery Manufacturer's Association

The Paper Industry is one of the largest and fast growing sectors in the Indian Economy. With the growth of literacy, industrial and economic development, there has been a commensurate increase in the demand for paper. Paperex South India is an admirable initiative of organizers, to give a separate business platform to the regional paper industry, to compete in the International market.

Dr. R. C. Rastogi, President, Indian Recycled Paper Mills Association

The Indian Paper Industry has been growing steadily with significant achievements to its credit. The technological advancements should be shared amongst various industries and such focused international B2B event plays an important role in face to face interaction and technology transfer from world over I offer my Compliments to Industry leaders, participants, supporting organizations and trade media involved in Paperex South India.

Bhupendrabhai Gandhi, President, Paper Merchants Association Ahmedabad

The Pulp & Paper Industry is one of the largest and fast growing sectors in the Indian Economy. With the growth of literacy, industrial and economic development, there has been a commensurate increase in the demand for paper. Such Business Event may also provide unique opportunities for overseas companies to gain the firsthand knowledge about the potential of Indian Paper industry for technology transfer. I offer my Compliments to Industry leaders, participants, supporting organizations and trade media involved in Paperex South India.

Gian Prakash Gupta, President, Paper Merchants Association

I am happy to know that ITEI in association with INPAPER is organizing 4th edition of Paperex South India, conference & Presentation on Pulp, Paper and allied Industries during Nov 11-13, 2016 at Chennai Trade Center, Chennai, INDIA. I offer my Compliments to Industry leaders, participants, supporting organizations and trade media involved in Paperex South India.

K Krishna Reddy, President, South India Corrugated Box Manufacturer's Association

I, on my behalf and on behalf of Indian Agro & Recycled Paper Mills Association (IARPMA), wish all the best to the exhibitors, delegates and visitors to this event. I am sure that the Paperex South India' 2016 will meet the expectations of the Industry Associations as well as suppliers to the Industry as whole. My good wishes for the success of Paperex South India 2016.

Anil Kumar, Sr. Vice President, Indian Agro & Recycled Paper Mills Association

I am sure that this event would play an important role for the industry to get the latest information about the availability of New Machinery and Technology from world over. This will also help the industry to explore new business opportunities in paper and allied industries. I wish great success to all participants and organizers of the event.

C D Kumaravel, Vice President, All India Federation of Masters Printers

Paperex South India 2016 will highlight the latest trends in usage of paper in various formats and visitors will have an opportunity to get knowledge of the cost effective and economical use of paper in the present business environment. Paper is the unavoidable and important substrate for the printing industry. Paperex is the comprehensive business platform serving the paper industry. The presentation by various paper technocrats would promote a vibrant "Make in India" image. We expect huge foot fall of Indian and foreign delegates and will repeat the success story.

Anand Limaye, Honorable General Secretary, All India Federation of Masters Printers

I am delighted to know that International Trade and Exhibitions India Pvt Ltd in association with INPAPER International is organising Paperex South India 2016 during Nov 11-13, 2016 at Chennai. The technological advancements should be shared amongst various industries and such focused international B2B event plays an important role in face to face interaction and technology transfer from world over.

B B Sen, Secretary, All India Printing Ink Mfrs. Association Ltd. (AIFIMA)

In my view paper is Bio degradable, Recyclable and sustainable –It is hard to imagine what life would be like without paper. All of us use it, in one of its many forms, each and every day. I must say that Paperex South India last edition was acclaimed as a successful B2B event for Paper & allied industries of Southern states in India and I wish the exhibition to reach to next level in 2016.

Hiren Karia, Honorable Secretary – Delhi, Federation of Paper Trade Association of India

The Paper Industry is one the largest and fast growing sector in the Indian economy. With the growth of literacy, industrial and economic development, there has been a commensurate increase in the demand for paper. Paperex South India is an admirable initiative of organizers, to give a separate business platform to the regional paper industry, to compete in the international market.

Rajeev Gupta, Honorable General Secretary, Delhi Printers Association

The Indian pulp & paper industry has taken rapid strides in recent years to raise its production levels and quality standards on the one hand, while working towards resource conservation and cost competitiveness on the other. Specialized B2B events like Paperex South India provide an opportunity for knowledge sharing between industry players and keeping abreast of global technological developments. On behalf of the Indian Paper Manufacturers Association (IPMA), I offer my compliments to the organizers, exhibitors and participants of Paperex South India and wish it a grand success.

Rohit Pandit, Secretary General, Indian Paper Manufacturers Association

I offer my compliments to Industry leaders, participants, supporting organizations and trade media involved in Paperex South India.

Anil Gupta, General Secretary, Paper Merchants Association

"Over the years the Paperex has emerged as one of the foremost expositions of the pulp and paper industry globally that offers meaningful insight and knowledge of latest trends and networking opportunities that are important for future deliberations both at national and international levels. On behalf of World Association for Small and Medium Enterprises (WASME) –one of the founding group members of World Paper Forum, we continuously strive to promote SMEs in the paper and pulp industry sector through Paperex."

Gyan Prakash Agarwal, Secretary General, World Association for Small & medium Enterprises (WASME)

Trade Media

Despite the continued focus on digitization, Indian paper industry looks more promising with huge growth potential. Recently World Paper forum shared some current statistics about paper industry like . Globally per capita paper consumption (Kg./year/person) for Europe is 129 kg, Australia- 116 kg, Asia - 45 kg and in China it is 75 kg. India's per capita paper consumption is only 10 kg. The Indian Paper Industry accounts for about 2.6% of the world's production of paper, providing employment to more than 0.5 million people directly and 1.5 million people indirectly.

Due to growth in literacy, change in lifestyle and increasing consciousness for personal hygiene, per capita consumption of paper and tissue in India is increasing day by day. And per capita increase by 1 kg will lead an increase of Paper Production by 1 million .As the domestic demand is on the rise., India's demand for paper is expected to rise 53 per cent in the next five years.

As Over 80 % production of paper is through small and mid size paper mills and An increase in consumption by 1 kg per capita has increased demand of 10 lakh tones . The Estimated demands are 20 million tons by 2020.

It is clear that to meet the growing demand, Indian paper industry requires more raw materials and advanced technology and a common business platform for Technology Transfer & explore New Business Avenue .

Paperex South India is the extension of Paperex , World's Largest Paper Show , to provide a unified business platform with more opportunities for Paper & Allied Industries in alternative of Paperex event in New Delhi..

Key Objectives:

- To link Indian paper units to the International Market.
- To provide a Unified Business platform to launch new products, technology & services.
- To provide opportunity for overseas companies to establish a manufacturing base in India.
- To help in identifying alternate suppliers of machinery, equipments & spares.
- Assist in identifying the new source of investments & funding.
- To provide opportunity for one to one interaction with industry players.
- Assist in identifying new import & export destination.
- Brand Building among Industry & end user at a Unified Business Platform

The event will not only help companies to maximize the business collaborations emphasizing on South Indian States but also showcase their strength to the world. Paperex South India promises to bring all the stakeholders from Indian Pulp and Paper Industry to give desired thrust to the Business transactions and Business Networking.

Bengu starts up new paper production line in Vietnam

Indian Paper Mills' Register Profit in First Quarter of FY 2016-17

New Delhi 1 SEP, '16P: The demand in paper is rising, and the industry is expected to register a profit in the first quarter of FY 2016-17, industry experts say. According to an industry expert, Indian paper mills have reported a sharp increase in their profitability in the first quarter of FY 2016-17, indicating a turnaround in the industry's fortunes. Most of the mills are expected to report a profit in the first quarter of FY 2016-17, which is a significant improvement over the losses reported in the first quarter of FY 2015-16.

U.S. Boxboard Production Down 4.2% in September

The American Boxboard & Paper Association (ABPA) reported that U.S. boxboard production fell 4.2% in September 2016 from 1.1 billion sq ft in August 2016. The decline was due to a combination of factors, including a slowdown in demand for boxboard in the food and beverage sectors, and a shift in the mix of products being produced. Despite the decline in production, the industry remains optimistic about the future, citing strong demand for boxboard in the e-commerce and logistics sectors.

Voith presents a new generation of paper machines

Under the name 'Acelluline', Voith has introduced a new generation of paper machines. The machines offer fast and easy start-up, machine value for money, producing including a range of new and integrated solutions. The new generation of paper machines is designed to meet the growing demand for high-quality paper products, and is expected to revolutionize the paper industry.

The Pulp and Paper Times

Apple, Inc. Recognizes the Sustainable Features of the Paper
Apple, Inc. has recognized the sustainable features of the paper used in its products. The company has chosen to use paper that is made from 100% recycled fibers, and is certified by the Forest Stewardship Council (FSC). This commitment to sustainability is part of Apple's broader efforts to reduce its environmental impact and promote responsible sourcing.

The Pulp and Paper Times

Eat, Drink and Dispose; Yash Papers is Ready to Showcase 'Tableware Products'

Yash Papers is ready to showcase its 'Tableware Products' at the upcoming exhibition. The company has developed a range of eco-friendly tableware products made from recycled paper, which are designed to be both functional and aesthetically pleasing. These products are expected to attract significant interest from environmentally conscious consumers and businesses.

Consumption of 'Paper is not a Crime: Samji Kar

Samji Kar, a prominent figure in the paper industry, has stated that the consumption of paper is not a crime. He argues that paper is a renewable resource, and that its use is essential for many aspects of modern life. Kar emphasizes the importance of responsible paper consumption, and encourages the industry to continue to develop sustainable paper products.

UPM to reduce 305000 tonnes of graphic paper capacity in Europe

UPM is planning to reduce its graphic paper capacity in Europe by 305,000 tonnes. This decision is part of the company's broader strategy to optimize its production facilities and improve its operational efficiency. The reduction in capacity is expected to result in cost savings and improved profitability for UPM in the European market.

Bulgaria Paper Market to grow at a CAGR of more than 12%

The Bulgaria Paper Market is expected to grow at a CAGR of more than 12% over the next five years. This growth is driven by increasing demand for paper products in the country, and by the entry of new players into the market. The market is expected to continue to expand as the economy grows and consumer spending increases.

IPMA Proposes Pulpable Tree Plantations on National Highways

IPMA has proposed pulpable tree plantations on National Highways. The proposal aims to create a sustainable source of raw material for the paper industry, while also improving the environment and providing employment opportunities. The plantations are expected to be established along the sides of National Highways, where they will provide shade and improve air quality.

New Delhi, 5 August: The Green Highways (Plantation, Translocation, Irrigation & Maintenance) Policy, 2015, aims to develop eco-friendly National Highways with participation of community, farmers, NGOs, private or institutional, government agencies, the Forest Department for eco-development and development in a sustainable way. At the invitation of the National Green Highways Mission (NGHM), a Delegation of IPMA Raw Material Sub-Committee (Dr. A. K. Bhattacharya, Managing Director, NGHM, and his team, and recently, Mr. Raghav Chandra, Joint Secretary, National Highway Authority of India (NHAI) and his team, on 5th August 2016, met with the officials of the IPMA Delegation, consisting of Mr. Subrata Ghoshal, BILT Tree Tech Ltd., Mr. Vivek Kumar Saxena, Century Pulp & Paper, Mr. Deepak Khanna, International Paper (India) Ltd., Mr. Sunil Pandey, ITC Ltd. (IPM), Mr. R.D. Gupta, JK Paper Ltd., Mr. Suresh Narasimhan, JK Paper Ltd. and Mr. Rishi Pandey, IPMA. IPMA proposed to NGHM/NHAI that Pulp & Paper Mills, in collaboration with NHAI/NGHM, wish to develop tree plantations of pulpwood species, and to sustainably manage these plantations on rotation basis, for an agreement period of not less than 20 years (extendable on mutual consent), on normally identified National Highways in the country. This project is to create large scale plantations which generate sustainable biomass, mitigate climate change, improve groundwater of the Vedic and areas of National Highways and contribute to sustain the development of wood raw material needs of the Pulp & Paper Mills, as well as fuelwood requirements of local communities.

"We are very proud to be the Platinum partners for Paperex and very much impressed with the type of management. Participated in many other exhibitions too but this one is different means better. Good advertising, professional management, transparent deals, best hospitality and much more but out of words. Hoping for much more such exhibitions in future. All the Best"

- Rohit Gupta | Ashoka Rolls Mfrs. Pvt. Ltd.

"Very good show in all aspects. Getting good response from visitors."

- Sunil Sharma | Dataman Computer Systems P. Ltd

"Good hospitality and the support from stall selection till the show end. Continue your same work for the industry development."

- B. Sridhar | Ital India Packplus Pvt. Ltd

"It is good chance for us to meet clients and paper companies."

- Kim, Hyun Ki | Dong-Il Canvas Engineering Co.,Ltd

"Good hospitality and co-operation by team. Good chance for getting business. Important platform to meet clients also."

- Rajni Patel | JMC Paper Tech Pvt Ltd

"Satisfactory, good chance to meet our new as well as old clients."

- A. Siddiqui | Universal Engineering Corporation

"Had a great response. Hope to continue in Paperex 2017, New Delhi. Best wishes to ITEI for the upcoming events."

- B. Suresh | BTG Instruments Spectris Group

"The Paperex 2016, Chennai is good platform to meet the end-user/consultant for paper & pulp industry. The organiser's made good arrangements to facilitate various activities."

- Shravan Bhumkar | Kirloskar Brothers Ltd.

"Good platform to connect with limited reserves. Need coupling with relative industry for better & productive footfalls. A key note on linking Paperex to either packaging or printing is really now important. Just Paperex would not be ok."

Felix Pinto | X-Rite India (P) Ltd. GmBh

"It is very good opportunity to hand shake with international suppliers."

- S Vijayaraghavan | C2C Consultancy (Consultancy & Erection Services for Pulp & Paper Industries)

"All facilities are very good as usual. No complaints. Security is good. Food was very good."

- Jalpesh Shah, Managing Director, CTC Impex (India) Pvt Ltd

"This was very good exhibition & good shape & we expect better facility in future also."

- Praful Zankat | Kody Rube Tech (P) Ltd

"We get good response & valuable customer & enquiry. This exhibition is good & next year we will be participating."

- Sharad Senjalia | JEE Pumps (Guj) Pvt Ltd

"Overall the arrangement and all other things are very good. ITEI persons are so co-operative and helpful. Hope to participate in the next year too."

- Sentu Ghosh | ZKL Bearings (India) Pvt Ltd
