Post show Report

I am glad to know that Hyve India Private Limited, with various Associations in the Paper Industry and World Paper Forum proposes to publish a Souvenir cum Show Catalogue in connection with Paperex South India 2022, the 06th International exhibition and Conference of Paper and allied Industries to be held from 23rd to 25th November, 2022 at Chennai.

I compliment the people behind this endeavour and wish the exhibition as well as the publication all success.

Shri Arif Mohammed Khan, Hon'ble Governor of Kerala

I am pleased to know that Hyve India in association with Indian Agro & Recycled Paper Mills Association (IARPMA) is organizing 'Paperex South India 2022' in Chennai during November 23-25, 2022.

Events like 'Paperex South India' provide an excellent business platform to the industry professionals and go a long way in serving the needs of the Indian paper industry. I do hope that all exhibitors and trade visitors attending the event will draw maximum advantage from this opportunity.

I congratulate the organisers of 'Paperex South India' and convey my best wishes for the success of the mega event.

Shri Bhagat Singh Koshyari, Hon'ble Governor of Maharashtra

"Want to take India higher on Ease-of-Doing-Business Index. Industrialists don't come because of incentives; need is to create development and growth-oriented environment."
- Narendra Modi

As one of the old and core industrial manufacturing sector, India's Paper industry is bearing positive impact on socio-economic development. In India, this industry plays a vital role in the overall industrial growth and also provides a necessary medium to propel our knowledge based economy forward in the new millennium. Indian Paper Industry has been growing steadily with significant achievements to its credit.

I am much pleased to learn that Hyve India Pvt. Ltd. in association with Indian Agro & Recycled Paper Mills Association (IARPMA) are jointly organizing the Paperex South India-2022- 6th International Exhibition & Conference on Pulp, Paper & Allied Industries during November 23-25, 2022 at Chennai. This exhibition will surely offer a unique opportunity to entire Paper and allied industries to showcase the latest developments in a common platform. I am sure the Souvenir cum Show Catalogue containing important information of the event will be useful for all national and international stakeholders. I congratulate organizers for their efforts and hopes that it will surely help and encourage all the delegates and stakeholders from allied industry and wishing a grand success of the event.

Shri Bhupendra Patel, Hon'ble Chief Minister, Govt. of Gujarat

I am glad to note that the 6th International Exhibition & Conference on paper and allied industries - Paperex South India 2022 - is being organised. I hope that it will pave the way for more business opportunities, joint ventures, technology transfer investments and employment in the sector.

Shri Pinarayi Vijayan, Hon'ble Chief Minister, Govt. of Kerala

I am delighted to know that the regional edition of the world's largest trade show in paper industry, Paperex South India 2022, will be held at Chennai during November 23-25, 2022. The event will bring together a galaxy of entrepreneurs and professionals from the entire value chain of paper industry right from manufacturing to tradition and distribution. This will be an effective platform for industry stakeholders to discuss the latest demand and supply trends, technology advancements, policies and regulations around the paper and packaging industry.

More importantly, I expect this event to amplify the public discussion on sustainability practices in pre-production, production and post-production, including waste management of end-of-life paper products. In this age of sustainable development, it is the responsibility of all the stakeholders to contribute their bit to responsible production and consumption of paper products, which have a huge carbon footprint.

I am confident that this event will bring fruitful outcome in the form of sales leads, joint ventures and technology cooperation between Indian companies and their counterparts abroad. I also expect this event to bring more investment in the sector in India, at a time when Government of India is championing Atmanirbhar campaign to indigenize production and processing value chains.

I compliment Hyve India Pvt. Ltd. and its support partners IARPMA and World Paper Forum for jointly organizing this highly promising event and for bringing out this Souvenir cum Show Catalogue. This Souvenir cum Show Catalogue will be a useful source of reference for the participants as well as for industry stakeholders who could not attend the event because of compelling reasons.

Shri Vijay Kalantri, President, All India Association of Industries

On behalf of Delhi Printers' Association I congratulate Hyve India Private Limited for organising the forthcoming PAPEREX South India 2022 at Chennai Trade Centre from November 23 to 25, 2022 in association with IARPMA and active support of World Paper Forum.

Undoubtedly, Paper is an inseparable part of our society and life in general. Delhi Printers' Association is glad to be associated with Paperex for the promotion of Paper and Printing Industries at one platform. Paperex will give new business opportunities, joint ventures, investments and technology transfer in paper and allied industries.

DPA wishes the organisers a grand success in their mega endeavour.

Shri Atul Goel, President, Delhi Printers Association

I am delighted to know that Hyve India Private Limited, in association with IARPMA, is organizing Paperex South India 2022, an extension of the World's Largest Paper Show, from November 23-25, 2022, at the Chennai Trade Centre, Chennai.

The Pulp & Paper Industry is one of the largest and fast-growing sectors in the Indian Economy. Per capita consumption of paper and tissue in India is increasing day by day due to increased literacy, changes in lifestyle, and increased awareness of personal hygiene.

Such Business Events provide exceptional opportunities for overseas companies to learn first-hand about the potential of the Indian paper industry for technology transfer.

Indian Newsprint Manufacturers Association hopes that Paperex South India plays an important role for the paper industry based in southern India, to explore new business opportunities.

My best wishes for the grand success of this International Trade Fair and Technical Conference on Pulp, Paper and Allied Industries.

Shri Rahul Khanna, President, Indian Newsprint Manufacturers Association

I am happy to know that Hyve India Private Limited in association with IAPRMA is organizing the Paperex South India 2022, the extension of World's Largest Paper Show, during November 23-25, 2022, at Chennai Trade Centre, Chennai, India. Paperex South India has proved to be an unparalleled opportunity to demonstrate the latest technology, equipment and solutions and position your brand and products as a key player and supplier of the South India industry in front of high-quality trade visitors who are actively looking for products, services, and solutions.

In organizing these kinds of specialized events, it would certainly provide a useful platform for the participants to enhance their grasp of the latest know-how in the industry.

I offer my compliments to Industry leaders, participants and supporting organizations and trade media for their cooperation to the organizers of Paperex South India.

Shri Aseem Bordia, Federation of Paper Traders Association of India

I am extremely happy to know that M/s Hyve India Private Limited, in association with IAPRMA and various other trade bodies, is organising the PAPEREX South India 2022 – 6th International Exhibition & Conference on Pulp, Paper & Allied Industries during November 23-25, 2022 at Chennai Trade Centre, Chennai, India.

The Paper, Printing & Packaging events, being organised at different places in the country are complimentary to each other and have made considerable impact on the promotion of the different sectors of the industry. Such events also help in exploring and developing international markets for the Indian products. We sincerely hope that the event will provide a United Business Platform to the Exhibitors, Business Visitors and produce excellent business results.

We are also in the process of announcing the dates of the 16th PRINTPACK INDIA Exhibition and sincerely hope that all of us can meet again at India Expo Centre, Greater Noida in 2025 which is the proposed venue of this International Show.

My best wishes to the Organisers, Exhibitors and Business Visitors for a grand success.

Shri Rakesh Sodhi, President, Indian Printing Packaging & Allied Machinery Manufacturers' Association

I am happy to know that Hyve India Pvt. Ltd., in association with Paper Industry Associations, is organising Paperex South India 2022, the 6th International Exhibition & Conference on Pulp, Paper & Allied Industries, from 23rd to 25th November 2022 at Chennai Trade Centre, Chennai, India.

India's Pulp & Paper Industry is one of the fast-growing segments of the Indian economy. Per capita consumption of paper in India is expected to grow significantly with changing lifestyles of the Indian consumers, booming e-commerce, rising levels of literacy and increasing consciousness for personal hygiene.

This event is always very well attended by large gathering of Paper manufacturers to explore new and emerging technologies and machinery & equipment for Paper Mills.

On behalf of the Indian Paper Manufacturers Association (IPMA), I offer my compliments to the organisers, exhibitors, and participants of Paperex South India 2022, and wish the event a grand success.

Shri A S Mehta, President, Indian Paper Manufacturers Association (IPMA)

I have great pleasure in extending good wishes to all delegates, exhibitors, and visitors to Paperex South India 2022 - 6th International Technical Conference and Exhibition on Pulp, Paper, and Allied Industry being held from 23 - 25 November 2022 in Chennai Trade Centre, Chennai, Tamil Nadu. This event is jointly organized by the Indian Agro & Recycled Mills Association (IARPMA), the apex national body of the Indian Paper Industry, and Hyve India Pvt Ltd. The Indian paper market is one of the fastest-growing paper markets in the world with growth exceeding 7%. The size of the Indian paper market is currently estimated at 27 Million Tonnes and is expected to grow to 35 Million Tonnes by the year 2034-35. Increased spending in education, a fast-growing middle class & neo-consumerism, growth in e-commerce, FMCG Sector, etc., are all fuelling the growth of paper demand in India. Even though the country has positive growth potential, investment in the paper industry in India faces many challenges – major issues are inadequate infrastructure, raw material shortage, etc. As India is deficient in wood fiber, the domestic paper producers need to import substantial quantities of wood pulp and waste paper to meet the raw material deficit. India is promoting waste paper collection through the involvement of various NGOs' and organizations as well as utilizing more quantities of agro residues etc. However, the industry has to depend more on imports due to the low recovery of waste paper in the country (recovery of 40 - 45%). The availability of agro residues is also dwindled due to the diversion of agro-waste for other value-added products. The cost of raw materials is escalating and in the last three years, the cost of various raw materials such as wood pulp, waste paper, etc., has increased substantially. The domestic raw material prices are also much higher when we compare with other competing paper manufacturing nations such as Indonesia, China, etc.

I am happy to note that considering all these major issues, IARPMA is organizing a two-day conference along with Paperex South India 2022 exhibition with the theme of "Indian Paper Industry: Post Pandemic Growth Prospects" to find out options and solutions in meeting future energy, technology, and raw material requirement. I am also happy to mention that a number of well-known personalities from the Indian Institute of Technology, Paper Industry Research Institutes, and Industry houses. etc., are presenting papers on various technologies and scientific innovations. Another added feature of this conference is the Panel Discussion scheduled to be held with the theme of "Packaging Segment of Paper Industry: Growth and Future Prospects" where well-known personalities of Indian Paper and allied Industries will deliberate with the participants.

I take this opportunity to extend my sincere thanks to the Indian Agro & Recycled Paper Mills Association and Hyve for organizing a wonderful show and conference under the banner of Paperex South India 2022. I am sure that the exhibition and conference will provide meaningful exposure to the people engaged in manufacturing paper and board in the country and help them to broaden their vision to produce quality paper and board to compete internationally.

I also welcome suggestions and views from exhibitors, delegates, and visitors to this event which will help the organizers to make the event more useful in the future.

Shri Pramod Agarwal, President, Indian Agro and Recycled Paper Mills Association

I am glad to know that Hyve India Pvt. Ltd., in association with the IAPRMA and other trade associations is organizing the PAPEREX South India 2022 and conference on Pulp, paper & Allied Industries at Chennai, India on 223-25 November 2022.

I am sure such B2B events are always helpful for networking and to understand the latest industry trends. PAPREX is going to be a common business platform, to highlight and understand the latest and coming technologies, machinery, products, and services. I am sure that exhibitors and trade visitors to this event will draw the maximum advantage from this opportunity provided by Hyve.

Printers of the country, especially from south India, are looking forward to this leading trade event, and I am sure that the members of All India Federation of Master Printers (AIFMP) will be attend the show in full strength to get the maximum advantage from PAPEREX at Chennai.

I wish the PAPREX at Chennai a grand success.

Shri Raveendra Joshi, President, All India Federation of Master Printers

I am happy to know that Hyve India Private Limited in association with IAPRMA is organizing the Paperex South India 2022, during November 23-25, 2022, at Chennai Trade Centre, Chennai, India.

The Indian Paper Industry has been growing steadily with significant achievements to its credit. The technological advancements should be shared amongst various industries and such focused international B2B event play an important role as a networking platform. Paper recycling has become the most talked about topic these days. It conserves wood and other forest resources, and reduces environmental impacts - energy use, air and water pollution, and solid waste – during manufacturing. We should consider this as our responsibility towards nature and urge everyone to use only environment friendly Paper and paper Products.

I am sure that the members of All India Printing Ink Mfrs. Association attending this event will get good mileage from this event. My best wishes to the organizers for a grand show

Shri Raghavan Sridharan, All India Printing Ink Manufacturers' Association Ltd.

Am excited so as you all on hearing the news on “Paperex South India 2022 - 6th International Technical Conference and Exhibition on Pulp, Paper and Allied Industries” scheduled from 23 - 25 November 2022 in Chennai Trade Centre, Chennai, Tamil Nadu.

I am sure that this leading trade event will provide a business platform for industry professionals and will go a long way to serve the need of the Indian Paper Industry. Today India produces a wide range of paper and boards using a variety of raw materials such as wood, agro residues, and recycled fiber. However, Indian Paper Industry is at a crossroads as the industry is facing many challenges, in terms of raw materials, rising cost of energy, as well as cost-effective technologies and processes.

It is a good opportunity for all stakeholders of the pulp and paper industry across the country, especially in South India, to get to know the latest technological advancements, Efficiency & Quality enhancements, Process Optimisation / Innovation, Cost-effectiveness, Networking and so many tangible and intangible benefits.

Undoubtedly, Paperex South India 2022 will be an ideal and well-carved platform to meet all the technology and service requirements of Indian Paper, and allied Industries, particularly in this part of the country. I also take this opportunity to extend my sincere thanks and gratitude to all those who have worked hard to make this event a grand success.

Shri K R Krishnaswamy, Sr. Vice President, Indian Agro & Recycled Paper Mills Association

I am happy to know that Hyve India Private Limited in association with IAPRMA is organizing Paperex South India 2022, 6th International Exhibition & Conference on Paper & Allied Industries is scheduled during November 23-25, 2022, at Chennai, India.

In organizing these kinds of specialized events would certainly provide a useful platform for the participants to enhance their grasp of the latest know-how in the industry. The Expo will surely create the right business climate for the growth across every level of this Industry and prove to be a business platform to the link paper units in the industry.

I offer my compliments to industry leaders, participants, supporting organizations and trade media involved in Paperex South India 2022.

Shri Bhavesh Gala, Secretary, Federation of Paper Traders' Association of India

I am happy to know that Hyve India Private Limited in association with IAPRMA is organizing Paperex South India 2022, the 6th International exhibition & conference on paper & allied Industries during November 23-25, 2022, at Chennai Trade Centre, Chennai, India.

CPPRI being apex R & D Institute of International repute in the area of Pulp & Paper, is committed to the service of the Pulp Paper and other associated industries by providing technical support. CPPRI undertakes R & D activities for addressing concerns of the Pulp & Paper Industry. The institute also provides an array of testing facilities ranging from raw material analysis to evaluation of finished product and presently Paper Testing Division and Environmental Management Division are NABL accredited for various parameters.

Paperex South India is one of best platform to gain fruitful insight and knowledge from industry leaders and professionals on the latest trends, policies and opportunities in sourcing, production, demand & Supply investment technologies etc.

I offer my Compliments to Industry Leaders, participants, supporting organizations and trade media involved in the event & also wish the event a grand success.

Shri M K Gupta, Director, Central Pulp & Paper Research Institute (CPPRI)

THE PAPER INDUSTRY

The Pulp and Paper Industry has emerged as one of the fastest growing industries in India, employing over **2 Million people** with the annual turnover of over **INR 70,000 crore**. Proudly following the principles of **Green Economy**, the industry is promoting eco-friendly production of paper with over **1. Million hectares** of land dedicated to environmentally sustainable Agro/Farm Forestry. Despite the low per capita consumption of paper in India when compared to a significant global average of **57 Kg**, the Indian paper industry is experiencing a promising period of growth, thanks to the development of efficient paper making technology and innovative products. The paper industry seeks to maintain and grow its economic contribution to society, foster the well-being of our communities, and utilize sustainable manufacturing practices and fibre procurement measures that protect the environment and ensure that our resources will be as available for future generations as they are today.

The increased literacy rate, coupled with organised retail, e-commerce, FMCG and Fast food packaging have led to the tremendous growth of paper industry over the past few years. Paper industry is the key manufacturing business segment of Indian economy and continues to deliver promising results with augmented foreign investment and set up of paper mills in India.

6th PAPEREX South India 2022 showcases latest Technology and Product Innovation in Paper Industry

On 23rd November 2022, one of the most prominent events in Indian paper trade industry rolled the red carpet to visitors from across the globe to serve as a window of opportunity for joint ventures, technology transfer & promotion of overall growth of paper industry.

Paperex South India 2022 was inaugurated by **Mr. Nandikeshwaran South India Kraft Paper Mills Association, Chairman and Managing Director, Vishnu Paper Products Pvt Ltd** in presence of various eminent personalities of paper industry.

The **6th edition of Paperex South India 2022** was a great success with support of all major Industry associations, participation of **165 leading exhibitors from 5 countries**. It was scheduled from 23rd – 25th November 2022 at Chennai Trade Centre, India. The event was organized by **HYVE INDIA Pvt. Ltd** in association with Indian Agro & Recycled Paper Mill Association (IARPMA). The prestigious sponsors of the events were Saloni Paper Machine.

Paperex series of exhibitions has played a major role in showcasing the strength of the Indian Paper and all allied Industries by attracting global attention to these technological advancements. It serves as the only comprehensive business platform for the Pulp and Paper Industry and has established itself as a “Business Festival of the Paper Industry” and supports the overall growth of Paper industry in the country.

Top Brands Like Garuda, Sahil Graphics, Prakash Web Offset, Parason Machinery, Abirami Engineering, Fomex Group, Tirth Corporation, Veekay Industries etc. displayed their innovations and products at the show. The leading exhibitors had various New Launches & Special Offers for the paper industry.

The event provided Paper Manufacturers an opportunity to explore the New Technology, Machinery & Equipment and Raw Material for Paper & Board Manufacturing. Also, the mass audience of Paper Traders, Printers, Publishers, Converters and Paper Packaging Companies came together to explore the vast variety of papers & paper processing technologies at the show.

A high-level concurrent Conference on “**Indian Paper Industry: Post - Pandemic Growth Prospects**” was also organized by IARPMA an **Open Seminar on “Paper, Corrugated Packaging & Printing: Rapid Industrialization & Sustainable Development**”. The technological advancements were discussed and shared among various industries and such focused international B2B event plays an important role in face-to-face interaction and technology transfer from the world over. The knowledge provided during the conference will also go a long way in resolving common issues in allied industries.

Paperex South India 2022 received an overwhelming response & proved to be a gathering of the best minds of the industry to explore the new growth avenues of the industry.

ADVERTORIAL

PAPEREX SOUTH INDIA 2022

CONSUMER CONNECT INITIATIVE

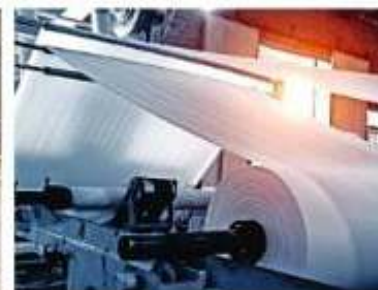

The best of paper, packaging & converting industry at Chennai

THE GRAND OPENING OF THE MOST AWAITED EXPOSITION OF PULP AND PAPER INDUSTRY

PAPEREX South India is the regional extension of the world's largest paper show Paperex. This facilitates the unparalleled platform for the pulp, paper, paperboard, packaging, printing and publishing industries in South India. The manufacturers of various types of paper & paper products, paper machinery and allied industries will be converging at Chennai during the 3 day event and the concurrent Conference session. Despite the technological revolution leading to increased computerisation of operations, paper still holds on to its existence and has become an essential commodity, and there is no replacement of paper for its usage in recording, storage and dissemination of important information.

GROWTH POTENTIAL OF PAPER INDUSTRY
The per capita paper consumption in India is at 18 kg, versus the global average of 57 kg per year, putting 10.6% growth in per capita consumption of paper in 2021-2027. Future looks more promising as the domestic demand is on the rise. Growth in India is led by

various industries such as food & beverages (F&B), pharmaceuticals & healthcare products (PHC), etc., all of which are currently witnessing tremendous growth across both, developed and developing economies including India. Exports have increased by nearly 80% over the previous year, reaching a total of US\$ 1,963 crore (US\$ 1.79 billion) in the financial year 21-22.

Government of India has taken steps towards creating a favourable environment by making amendments in policies, guidelines for pulp & paper industry resulting in FDI inflows during April 2000-2022 of \$ 1.64bn. Also, significant progress is being made towards the restoration of degraded forest land for planting pulp wood.

DOES PAPER PRODUCTION CAUSE HARM TO NATURE?

This is a global myth, that paper manufacturers use wood as a raw material and cause deforestation in a huge way! But the reality is, Paper industry is not indiscriminately cutting the forests or using the reserved forests. Only 5% of specific types of trees are used for raw material, while over 50% wood is used for fire.
